Yolanda - Looks good. Other than a few typos I corrected in the body of the response I put my feedback and suggested changes as comments. Since the file is getting busy, I tried to put all of my new responses in yellow highlight.

Your substantial revision was great! Thank you for providing some needed direction to this draft response. I did some editing and rearranging. Please review and let me know when we can connect between 9:30-10:30 am to discuss.

I didn't get as far as I wanted on a draft to responding to Ask #1. I hope you can take some time to review/edit/craft language on a response. We should try to turn this around to HQ staff early in the week of September 13. I'll schedule a time for us to connect more after September 9.
